Value Chinese Opera

#### 【参考范文 One possible version】

#### Value Chinese Opera

This is a special theatrical concert, in which four generations of actors, aged, middle-aged, young and teenagers performed on the same stage, reproducing the century-old achievements

The great spirit of Chinese Opera created by the older generation of artists in China is our good spiritual food. We must pass it on. Each generation has its own mission. In this era of great rejuvenation of the Chinese nation, we must sing the main themes of the times, "harmony" and "development".

Chinese operas are our national cream, I hope we can climb to the peak of art again, and let Chinese art blossom and be famous all over the world!"
